

NEW HORIZONS '89

Administrator's Message

When you were asked generally the question, "What does success in a life mean?" you'd want to make all these decisions?" How would I want to be measured by success? "Satisfying work?" Maybe so you want that might work fine, but in the other hand, without the potential of making the major decisions we would become either a subordinate or a slave. The things you would do or have done to you would be the result of someone else's decision. The judgments of us that we could have the capacity to make decisions.

How do you think this past year was with respect to what you thought. Other decisions were made after a lot of work thinking and working with people that would support the mission. Many decisions were made in the past, but going to get a new set of goals and getting the same thing. I had more probably in doing that than that I can do anything. Other choices were very hard to make. Let's do that that would be the way of that?

Looking back don't you agree that this would be very hard without the support of the students? How do we know we had a great feeling in life of accomplishment and participation for a lot more and the work?

I want to congratulate all of you students for the past and whatever decisions you made this past school year. You are proud that you did some of them and that is going to be a part of having accomplished something important. And now that you've accomplished this year, what are you going to do with it?

I also want to thank the staff for the work supported with you during the last year. This year was successful and rewarding in many respects. You continue to work with the staff and the students in that and that should mean that we're all working on the same.

And finally, I want to express appreciation to you parents and other family members who supported me during the last year. You are proud that you did some of them and that is going to be a part of having accomplished something important. And now that you've accomplished this year, what are you going to do with it?

May you all receive much joy in your future of decisions.

Sincerely,
John G. Miller
Administrator

Dedication

We, the faculty, staff and students want to express our appreciation for the dedication you are making here at Parkside School. As a teacher you have worked hard to be the best teacher you can. You have given the best of yourself and yourself you have shown in giving of your time and talent with respect to the school for us. We remember the many hours before you had to go to the office, the nights, the days and nights that you worked for. We enjoyed those school nights.

We remember the times you were called, heard, the number of the night time and many others. We will enjoy your working activities.

We remember the times we've been out of your house to enjoy a meal and for that like putting things and playing games.

In a spirit of our appreciation and thanks, we dedicate this year to the staff of you, Mr. John G. Miller.

"Study partner"

Home Economics

Students work on projects.

Left to right: Samantha, Lisa, Stephanie, Stephanie, Lindsey, Kaitlyn, and Sarah. Right: Samantha, Stephanie.

Left to right: Sarah, Lindsey, Stephanie, Stephanie, Lindsey, Stephanie, and Sarah.

Ms. Reynolds helps Samantha with her project.

Stephanie working on her project.

Shop

"Yes, Sir, I'll be right back!"

That's what you call teamwork.

Left to right: Mr. Brown, Stanley, Nelson, Tom

Stanley prepares the ground for the new gas house.

Left to right: Terry, Harold, James, Richard, Mr. Robinson

Future mechanics.

Let's see you, that piece real tough work...

Smiling activities.

Junior Home Ec

Home work.

Junior Shop

Working hard.

Group looks up for inspiration.

Chores

Just

It looks nice.

Are they getting it or not yet?

Always make sure the items are.

Yes, it is... Are they ever going to stop?

Saturday Reflections

Bookie tables.

Bookie tables

"This job is more exciting."

Who are these market men?

Making felt hats.

Recreation

Board game fun!

Learn and enjoy with a job of hobby!

Working on the table.

They stand on the table!

Remember When . . .

...at the old girl school!

...Apt. with people!

...only you there with "the old!"

...the old!
