Première Messe

Le 5 juin, en la belle fête de la Pentecôte, M. l'abbé C. Préfontaine a chanté sa première messe solennelle à Legal dans l'église de sa paroisse natale -

Le nouvel ordonné d'un jour, les mains encore humides des onctions saintes a fait descendre sur chacun des paroissiens une fervente bénédiction.

Puisse le bonheur rayonnant du nouveau prêtre faire germer dans l'âme de plusieurs jeunes la sublime vocation sacerdotale.

Message from the Principal

Dear Friends;

The privilege of extending the good wishes of your teachers through your yearbook is indeed appreciated.

Throughout the year we have endeavored to create an atmosphere of mutual understanding conducive to peaceful academic pursuits. We are appreciative of your efforts and of your cooperation.

We wish to commend our graduands for their good example. To those who will remain, a reminder that classmates progress together more than is possible by individual effort. Your achievement is influenced by your classmates as you yourself contribute to the advancement of your buddies.

Education as it is organized in our province is often thought of as an opportunity. We, your teacher, are dedicated to assisting you in taking advantage of existing facilities.

We regret that some must leave, but we are confident in their ability to assume adult responsibilities with integrity, faith and christian charity.

To all we wish a fruitful life, rewarding in intellectual, social and moral achievement. May their sojourn through these halls leave pleasant memories.

ADMINISTRATION

Administration

Mrs. D. Rémillard

Mrs. D. Rémillard has also come out of office as Divisional Trustee. She has done very fine work in this office, and we wish to thank her very heartily for all she has done.

Mr. Lionel Forcade

Mr. Lionel Forcade, a pioneer member on the School Board has just resigned as Divisional Trustee. The past and present generations owe an immense debt of gratitude to Mr. L. Forcade who has worked for the betterment of Education in all centers which had the privilege of having him in their community.

We are most happy to voice our sincere thanks to you, Mr. Forcade through this issue of our YEARBOOK.

Mr. Charles Clément

Mrs. Rémillard was replaced by Mr. W. Van de Walle. He is a very energetic and capable young man, and we are so happy to see one of our former student taking over this important office. We are sure that our School will keep on progressing under his proficient services.

Mr. Walter Van de Walle

Mr. Forcade was replaced by Mr. C. Clément. We have confidence that this was a wise choice because Mr. Clément has shown proficiency as President of Legal Co-Op. Store and seems very interested in all our School Activities.

Message Aux Finissants

A TRAVERS LE MONDE D'AUJOURD'HUI

Le Monde, aujourd'hui envisage des problèmes graves et la solution desquels décidera du bonheur de millions d'êtres humains.

Nos ancêtres ont rencontré eux aussi des problèmes, qui selon eux étaient très importants. Ils ont apporté des solutions. Ils étaient inquiets en face de ses problèmes, ils se sont intéressés à trouver un remède. Et justement à cause de cette inquiétude, de cet intérêt ils nous ont légué un patrimoine précieux.

Vous aussi, Etudiants, qui quittez l'école ou qui étudierez encore, vous serez dans quelques années des ancêtres. Vous aurez fait votre marque dans le monde. Cette marque décidera du sort d'un grand nombre de gens.

Les conditions pour accomplir ce travail sont les suivantes:

1. Vous devez vous dédier à la tâche de bien faire ce que vous faites. Quand on est jeune, on se forme de bonnes ou de mauvaises habitudes.
2. Vous devez avoir un haut idéal. Vouloir arriver au haut de l'échelle, et prendre les moyens pour y arriver.
3. Comme troisième condition, je mettrais le don de soi. Centrer ses pensées, ses énergies non pas sur soi-même mais sur les services à rendre aux autres.
4. Enfin, le bonheur n'est pas dans la satisfaction des instincts mais dans l'accomplissement du travail journalier.

Si vous acceptez vos responsabilités d'hommes et de femmes chrétiens, vous accomplirez quelque chose de bien dans la vie, si non, vous serez une génération de nullités, de désorientés, de perdus. Vous seuls pouvez et devez faire le choix.

MESSAGE FROM OUR PADRE

Students today are facing a real challenge. A challenge, if answered, will change the face of this world. Students are facing the challenge of a changing world, of changing communities. Our society is changing and you are the ones who will mold this change in lines that will help people live a better life. Are you up to it? Or do you drift with the current as so many do?....

All of us are looking for happiness. We fall into the error of thinking that happiness necessarily involves ease, diversion, tranquility - a state in which all of one's wishes are satisfied. For us, happiness is not to be found in this vegetative state but in striving toward meaningful goals.

We must be dedicated souls, even though one will not achieve all of his goals. Our lives must be the endless pursuit of goals, some of them unattainable. We may never have time to encircle ourselves with luxuries. We may often be tense, worried, fatigued. We will have little of the leisure one associates with the storybook conception of happiness.

But we will find a more meaningful happiness. The truth is that happiness in the sense of total gratification is not a state to which man can aspire. It is for the birds but not for us.

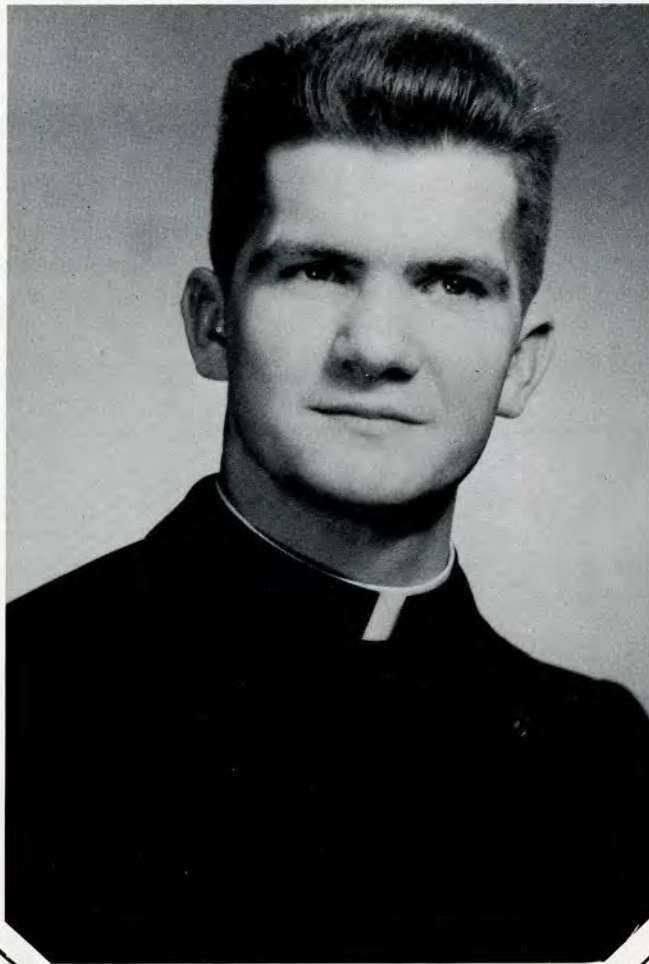

We want meaning in our lives. When we raise our sights, strive for excellence, and dedicate ourselves to the highest goals of our society, we are enrolling in an ancient and meaningful cause; the age-long struggle of man to realize the best that is in him. Man reaching toward the most exalted goals he can conceive, man striving impatiently and restlessly for excellence has produced great religious insights, created great art, penetrated secrets of the universe and set standards of conduct which give meaning to the phrase "dignity of man."

On the other hand, man without standards, man with his eyes on the ground has proven over and over, in every society, at every period of history, that humans can be lower than beasts, sunk in ignorance, morally and ethically blind, living a life devoid of meaning.

WHAT AM (I) LOOKING FOR?.....

Father G. H. Primeau

Nouveau Prêtre

Le 4 juin, 1960, en la cathédrale Saint Joseph d'Edmonton, l'Abbé Claude Préfontaine était élevé à la dignité sacerdotale, par les mains de son Excellence Monseigneur Anthony Jordan, O.M.I. D.D. Archevêque coadjuteur d'Edmonton.

M. l'abbé Claude Préfontaine est l'un des nôtres. Il a fait ses douze premières années d'étude à l'école de Legal.

En plus d'être un élève modèle tant en sa vie sociale que paroissiale, Claude était le "CHANTEUR" le plus recherché des alentours.

Nous le félicitons de sa belle générosité dans sa sublime vocation sacerdotale où ses beaux talents mis entièrement au service du Bon Dieu et des âmes feront beaucoup de bien en attirant vers le "BEAU" et le "VRAI"
" Ad Multos Annos "

Mon Eglise Paroissiale

En arrivant au village par le côté ouest, à gauche du chemin nous voyons notre belle église paroissiale, bâtie solide et recouverte de briques rouges.

L'église est la maison du Dieu tout-puissant, par conséquent elle doit être toujours propre et on ne doit jamais se permettre de légèreté ni de dissipation dans ce lieu saint.

De beaux trottoirs de ciment entourent l'église. En entrant nous sommes d'abord dans le vestibule où se trouvent de petites boîtes dans lesquelles chaque dimanche nous y trouvons le bulletin paroissial, un mémo des activités qui se passent chaque jour de la semaine dans notre localité.

En entrant dans l'église nos regards se fixent sur l'autel où de riches tentures rouges font ressortir le crucifix qui domine l'autel liturgique. Le tabernacle est ce qui nous attire le plus puisqu'il contient Jésus.

De belles statues de la Ste. Vierge et de St. Joseph sont de chaque côté du sanctuaire. Un lanpionnaire se trouve au pied de chaque statue afin que les fidèles puissent satisfaire leur dévotion en y faisant brûler des lanpions.

Chaque famille a son banc dans l'église et ce banc est comme "un petit chez-nous" où la famille se rassemble pour prier et pour adorer Dieu.

Une balustrade ou table de communion sépare le choeur de la nef. C'est à cette table que se dresse tous les dimanches un banquet familial, car une paroisse est une grande famille où tous sont invités à s'approcher pour recevoir la Sainte Communion, qui donne la force pour l'accomplissement du devoir d'état pendant tous les jours de la semaine.

LA NOBLE CARRIERE

Plusieurs parmi vous avez probablement déjà entendu ces paroles: "elle a embrassé la noble carrière de l'enseignement," et vous vous êtes dit en vous-même: "en voilà une qui aura une belle petite vie facile! ".....

Etudions ensemble les responsabilités et les vertus réclamées par la noble mais exigeante tâche de l'instituteur ou de l'institutrice.

Le professeur doit posséder une bonne dose de vertu, spécialement, une patience inlassable pour répéter la même chose tant que tous les élèves n'auront pas assimilé la matière expliquée; un grand courage pour recommencer tous les jours le travail de la veille; un esprit de devoir à toute épreuve pour tenir bon malgré les critiques acerbes dont parfois on l'accable sans raison; un grand esprit de foi pour découvrir dans chacun de ses élèves un membre du Corps Mystique du Christ; enfin, le professeur ne doit pas se contenter des connaissances acquises sur les bancs de l'école et pendant ses années de formation à l'Université, mais il doit ambitionner d'agrandir toujours plus ses connaissances afin de rendre le plus de service possible à notre société moderne.

Avant de penser à sa satisfaction personnelle, le professeur songe au bien de ses élèves et pour leur avancement que de sacrifices ne s'impose-t-il pas?.... La classe finie, s'il ne se désintéresse pas du progrès de ses élèves, il emploiera des heures précieuses à corriger des devoirs, à préparer minutieusement ses classes alors qu'il sera fatigué par les heures de classe où il se sera démené pour entrer dans les têtes parfois rebelles, à vouloir assimiler ce savoir.

Le professeur n'a jamais le droit de frustrer ses obligations et de se présenter à ses élèves convaincu qu'il ne paraîtra rien des excès ou des omissions de son devoir de chrétien. Les élèves ont des antennes sensibles qui captent aussi bien les impuretés du cœur que la ferveur de l'âme de son maître. "Les personnes qui enseignent la religion doivent en premier lieu pouvoir servir d'exemples aux élèves," déclarait Pie XII en 1955 à un groupe d'instituteurs.

LA NOBLE CARRIERE (suite)

Dieu a béni mon travail et m'a accordé le succès dans ma première années d'études universitaires; c'est avec courage et confiance que j'entreprendrai ma deuxième année de méthodologie. Puis je volerai vers ces âmes d'enfants et avec bonheur je donnerai le meilleur de moi-même afin de meubler leur intelligence de connaissances religieuses et profanes et de former de bons citoyens et de fervents chrétiens.

A tous ceux qui comme moi ont choisi la noble carrière de l'enseignement je souhaite bon succès et une grande compréhension des responsabilités qu'incombent à toute personne qui travaille sur les intelligences et sur les âmes.

Mademoiselle Jacqueline Paquin
Universitaire.

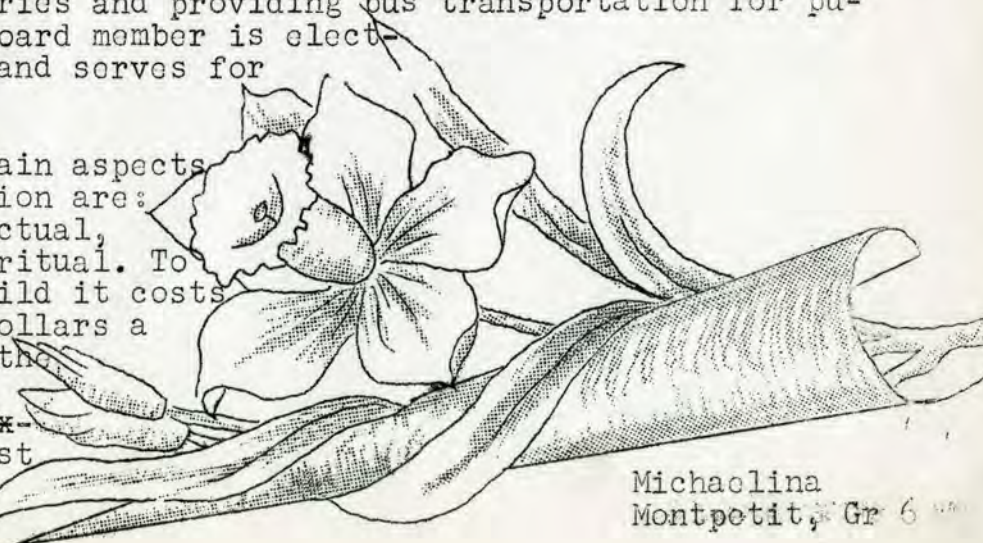

HOW THE SCHOOL BOARD
FUNCTIONS.

Yesterday, our teacher, sister G. Michaud invited a very interesting person to our room. Mr. Van de Walle came to talk on the function of the School Board in the Sturgeon School Division. I will write a summary of what he said.

The Sturgeon School Division consists of fourteen centers, six small ones and eight large ones of which Legal is the largest.

The trustee for our rural area is Mr. C. Clément and our Legal village school is ably represented by Mr. Walter Van de Walle. Other members of the school board are: Mr. Jenkins as chairman, Mr. Flynn as secretary, Mr. Borlo and Mr. Wilson. These members have many duties such as dealing with teachers' salaries and providing bus transportation for pupils. A new board member is elected every year and serves for three years.

The four main aspects of good education are: moral, intellectual, social and spiritual. To educate one child it costs four hundred dollars a year. Half of the expenses are paid by the taxpayers, the rest by the government.

PRIERE D'UN PROFESSEUR POUR SES ELEVES

O Marie, qui avez aimé les enfants, accordez vos grâces les plus précieuses à ceux que vous avez confiés à mes soins. Augmentez en leur coeur la foi, l'espérance et la charité. Que votre amour les forme à une piété solide, en leur inspirant l'horreur du péché, le goût du travail et un pieux empressement à s'approcher de la table sainte. Conservez en eux, l'innocence, la pureté du coeur; et s'ils vous offense en offensant votre Divin Fils, accordez-leur la grâce d'un prompt et sincère repentir. Préservez-les de tous les dangers de l'âme et du corps. Faites qu'ils acquièrent les connaissances dont ils ont besoin, et qu'ils embrassent l'état auquel vous les appelez.

Donnez-moi pour eux, un amour sincère, une vigilance constante, un dévouement généreux. Soyez notre plus douce consolation au milieu de nos fatigues et dans le ciel, notre récompense.

Valedictory

To me has been entrusted the great honour, on behalf of the graduating class of 1960, of acknowledging the gratitude which fills our hearts and the many thanks we owe to our parents, pastors and teachers as we are to depart from our "Alma Mater".

With the close of another school year, many of us have arrived at the parting of the ways, leaving one phase of life to enter into another. For many of us, school life has ended; for others, this last year is but a lap finished in an ambitious educational career. With the help of our parents, pastors and teachers, our Christian education has molded our character in a manner which will enable us to distinguish the spiritual and moral values that are just and right from those that may lead us astray.

We leave Legal High School with mixed and varied impressions; relieved that we have accomplished our basic training, at last free to face the world; but oppressed with thoughts of quitting cheerful surroundings. Perhaps the most ominous aspect of the life through which we graduands are now forced to pass, is that of growing accustomed to the world outside school. But our studies should have equipped us with the arms necessary to meet that world and prepare for it.

Classmates, we are leaving you, but you will always remain very dear to us, and since we have become so intimate, let us leave with you a parting counsel, "Profit, to the best of your ability of the wonderful Christian and academic training which is yours to acquire within these cherished walls."

A million thanks to our parents; teachers, past and present; for the countless sacrifices and unfailing patience and guidance they so cheerfully accepted to aid us in attaining the goal of a prosperous and honest future.

OUR CORRESPONDENCE

Cette lettre, très encourageante nous est venue de notre Evêque Vénéré.

Je viens vous remercier de tout coeur pour l'envoi du magnifique annuaire de l'école de Legal.

Et c'est de tout coeur que je vous envoie, à vous, et aux religieuses, aux professeurs, et à tous les élèves, ma bénédiction la meilleure.

Très sincèrement vôtre en
notre divin Sauveur,

+Philippe Lussier, C.Ss.R.
Evêque de Saint-Paul, Alberta

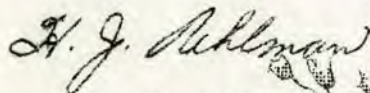

Another most encouraging letter came from Dr. Uhlman.

I have just completed the reading of the 1959 edition of the Legal School Daze which Mr. Fink delivered to me some weeks ago. Certainly this is a yearbook of which everyone concerned can be justly pleased and proud. The photography is excellent and the 'freehand' designs and lettering add a unique touch to the volume.

Your yearbook honours the graduates, and justly so, but it also gives recognition to the little people who will be the future graduates. I am sure that the class pictures are a source of delight to all pupils, large and small, and that their inclusion adds greatly to public interest in the 'Daze'.

My sincere thanks for the complimentary copy. May the Legal School Daze serve to record the history of the annual happenings in Legal School and the happy faces of pupils and staff for many years to come!

Sincerely,

H. J. Uhlman

Last Will and Testament

I, Agnes Barry, bequeath my school texts to whom so ever they may concern, hoping that he who takes biology can distinguish between mitosis and meiosis. My desk I leave to Marian Luchka hoping she may be comfortable. To Jeanette Hesse, I leave all the unconquered knowledge which I know she'll make use of. And my final word is "Thanks" to my parents and teachers.

Forced to make my last will and testament, I, Gertrude Meyer, generously bequeath as follows: To Jeannette Hesse I leave my English text and everthing that goes with it including the Shakespearean play, Macbeth, and my notes. To Marian Luchka I give my Social text with the hopes that she will attain a clear knowledge of Europe's history. My Biology text goes to Denise Boisvert because I'm sure she will enjoy memorizing countless biological principles. To my parents and teachers I leave my sincere thanks.

I, Valerie Roberts, being of sound mind and body, do hereby make my last will and testament. To my cousin, Helen, I bequeath my desk and Social Studies text filled with underlined notes. I hope you will understand the course better than I did. My English text, I leave to Paulette so that you may learn how to write perfect essays. To Laurette, I bequeath my Biology text hoping you will be more successfull in dissecting a frog. To anyone who likes conjugating verbs I leave my French text hoping you will not stumble over what tense to use.

To my fellow students goes my sincere wish of success in their chosen career. Last, but not least I wish to thank my parents and my past and present teachers for helping to make my school years successful and enjoyable ones.

I, Pauline Monpetit, being of sound mind and body do hereby bequeath my possessions to the following:

To Helen deChamplain I leave my books and notes hoping you understand them and that you don't have too much trouble struggling through them as I did.

To Aline Boisvert I leave my desk in the first row. It is the best place if you don't want to be distracted during your spares, Aline.

To Rita deChamplain I humbly leave my past as Sports Representative. I wish you lick Rita, and I hope you make a better job of it than I did.

I wish to thank my teachers for enduring my educating in their many helpful ways.

A special thanks goes to my parents for their helpful sacrifices and encouragements throughout these years.

Last but not least, I wish the best of luck to my fellow classmates and the best of success in the future.

(Continued)

I, Dorothy Holzer, being of sound mind and judgement do hereby make my last will and testament. My desk, where I spent many an hour daydreaming I leave to Rita de Champlain. My old and worn books I leave to anyone who may claim them. My notes and all the knowledge I have left unconquered I humbly bequeath to Jenny Bergevin. The many pleasant memories I refuse to relinquish but shall keep and cherish them in my heart.

To my parents and teachers goes my deepest gratitude for the patience, understanding and sacrifice demanded of them to bear with me during all my school years. To the Grade Twelves I extend my sincere wish for success in whatever career they choose.

I, Jeannine Demers, gladly leave to Helen de Champlain my English books knowing that she enjoys writing various essays. My Biology books to Methody Slobogean, being sure that he will enjoy experimenting with nature. To Paul Arndt I bequeath my Social Study text since he greatly admires heroic men. French 30 to Rita de Champlain and Jenny Bergevin, wishing them luck in all those difficult verbs and different tenses. My desk to Mickey Casavant hoping that he will find it comfortable through the long hours of studies. To the teachers past and present, I wish to say "thank you" whole heartily for all the knowledge they have given me.

I, Morry Douziech, having a sound minded body, do hereby make my first will and last testament. To Paul Arndt, I leave my ink spotted desk. I suggest that you move it to the back of the classroom, since it has a terrible allergy to blackboards. To my sister, I bequeath my merit card. I hope that she appreciates and cherishes it, for it still has a value of three points. To Richard pelletier, I leave my bobby pin since he likes to play the guitar. Watch it, Richard because its a little flat, but if this annoys you, you'll find spare one in my drawer. To Jenny Bergevin I leave my dictionary which is worn out from my usage. To Rita de Champlain I leave my issues of World Affairs. Incidentally, I touched up the pictures in accordance with what I thought they should look like. To all my teachers, I leave my sincere thanks, and appreciation. Upon my departure, they will find themselves overcome by a feeling of peace and well being.

I, Mary Broda, hereby declare this to be my last will and testament and bequeath all of my precious possessions to the following; To Jeannette Hesse I cede my Social Studies text in hope that you protect it with all your life. My French text I donate to Marian Luchka. I hope you enjoy all the verbes, phonetics and entertaining stories. To Jenny Bergevin I leave my back desk where

(continued)

I'm sure it is a good place to study. To all others I wish success in their future school work.

I wish to leave all my sincere thanks to my parents and teachers who so willingly helped me along during all my school years, especially during my final year. To all my friends and classmates, I wish success in all their undertakings.

I, Raymond J-P. Chauvet on this 28th day of April, being of sound body and mind hereby bequeath the following:

To Raymond Bergevin I leave with great regret my basketball uniform. I hope he will wear that "Big" number "4" with great honor. I leave to Paul Arndt the desk on which I have toiled many long hours. To Jeanette Bergevin I leave my dictionary so she may improve her language. I am very happy to leave to a law-abiding man like Jean-Louis Tieulie my merit card. I am leaving to anyone who would like to know all about triangles my trigonometry text. Finally, I leave to an ambitious man, Mickey Casavant, the remainder of my book.

I would like to thank sincerely my parents and all my teachers who have helped me complete my studies.

I, Maurice Charrois, in a sound state of mind, on this 28th day of April 1960, request that my witness, Real Vaugeois read this will on the 28th of June, 1960. I leave my desk to Jean Louis Tueillier, I hope he enjoys it. It wasn't my favorite. I leave my biology to Marcel Therien so he can study his surroundings. I leave my chemistry book to Bernard Martineau. He seems to have an interest for that. To Marcel Pelletier I leave my math. 20. Let's hope you don't have to take it by correspondence. To Methody Slobogean I leave french 30 so he can figure out what it means. I leave my favorite Time magazines to Raymond Bergevin. They are located on the second shelf in the study room. I leave my English 30 to Paul Arndt so he can study his favorite subject.

To my teachers I leave them peace.

Having as my witness Bernie Casavant, I, Donald Cyr, on this 27th day of April, 1960, gladly bequeath my following possessions:

My desk to Mickey Casavant in hope that you will enjoy fewer leisure hours as I have. To Denise Boisvert, I leave my Math 30 book so that she too, can persevere in moments of distress. My chemistry book to anyone who may be successful in giving the world the imperfections of Moseley's Periodic Classification of elements. My precious English 30 book I leave to any future elocutionist. The problems of finding the number of angles in a triangle along with my trigonometry book I concede to Raymond Bergevin. I hope

head concussions will not bother you. Under no obligation I render my merit card to Paul Arndt as he might need a spare one for the next term. Finally, to a good law abiding student, Marcel Therien, I leave the remainder of my books. I hope you survive the "Survival of the Fittest" from my Biology book.

I, Madeleine Chamberland, generously leave the following possessions: To Helen de Champlain I leave my desk in which I have spent many long hours. To Jeannette Bergevin I bequeath my Social Studies text hoping she'll get some use out of it. My English text I leave to Methody Slobogean knowing how he enjoys to write lengthy essays and short stories. My biology text I donate to Paul Arndt and Raymond Bergevin, if they promise not to fall asleep on it. My French books I reserve for Rita de Champlain who I know will enjoy studying phonetics.

To my parents, and all my teachers past and present I extend my sincere thanks and appreciation for making my school terms pleasant.

I, Edmond Casavant, being sound of mind and judgement on this very day of June 19th, type the following bequests: My Social Studies books, I leave to anyone who enjoys to deal with Stalin and Mussolini. I leave my French books to a non-French student and may his struggle with the phonetics be an easy one. To the revolutionists leaders, I happily leave the merit system.

My happy memories I refuse to relinquish, but I will keep and cherish as I travel along the road of life.

To complete my last Will and Testament, I leave some beneficial advise: To those, when affairs are uncontrollable, there are approximately 25 type-writers to pound on and they are controllable. 'Teacherous' encroachments are apt to happen when you wonder off the subject. So Beware.

To my parents and teachers, I express my sincere gratitude for their wonderful work through the years.

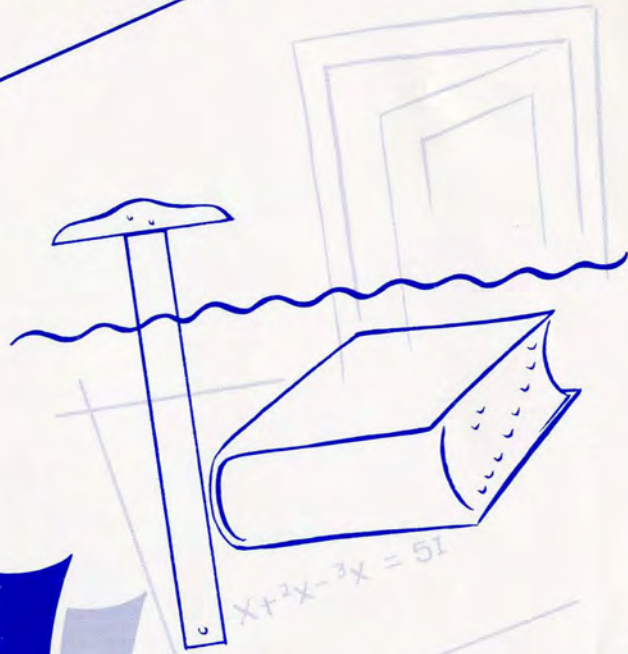

SANCTUARY

I know a place
By a small waterfall,
Whose music and grace
Lure the shy thrush's call;
Whose cool banks are dark
With the sweet violet,
And fragrant with mint
At each silvery jet.

There, to that place,
Sequestered and hidden,
My heart goes in sorrow
As if it were bidden
By water and violet,
Fragrance and thrush,
To grow whole once again
In the unworldly hush.

MA MÈRE

Ma mère naquit à Morinville il y a une quarantaine d'années. Ses parents ont eu beaucoup de difficultés mais se tirèrent d'affaires et quelques années après ils vivaient assez bien. Donc de bonne heure, ma mère connut le travail et les privations. Ma mère fréquenta l'école jusqu'au grade douze et puis continua pour devenir une institutrice. Elle se maria il y a seize ans passés et maintenant elle a cinq enfants et demeure sur une belle grande ferme.

Ma mère est une femme de très grandes qualités. Elle ne mesure qu'environ cinq pieds trois pouces, mais elle est très capable. Sa silhouette est svelte; son teint blanc et sa chevelure d'un brun très riche et d'une épaisseur appropriée, en vérité, une très jolie femme, non seulement parce qu'elle est ma mère.

Elle est très courageuse, souvent elle a entrepris des tâches qui auraient dû être accomplies par plusieurs personnes, mais elle les a accomplies seule. Beaucoup de travail l'occupe, mais elle a toujours le temps de discuter avec nous nos problèmes et sait toujours nous donner de bons conseils très appropriés.

Cependant, elle a une volonté très ferme, ce qu'il lui faut très souvent car nous demandons des choses qu'elle nous sait nuisibles parfois. Même si quelques fois elle paraît sévère, nous découvrons plus tard qu'elle avait raison et qu'elle agissait guidée par son grand amour.

J'aime bien ma mère et je trouve qu'elle est une des plus courageuses, meilleures et plus vaillantes femmes que je connaisse.

Mon Chien

Mon chien est très fin. Il est brun et a de petites taches blanches ici et là sur son poil et sur le nez. Son nom est Tip. Il est très intelligent. Il m'aide à aller chercher les vaches au pâturage. Je lui montre beaucoup de trucs. Là il sait comment se rouler par terre quand je le lui demande et il se tient debout sur ses deux pattes de derrière.

Quand l'hiver arrive, je l'attelle et il me traîne sur mon traîneau. Il aime cela parce qu'après je lui donne un biscuit de chien.

Une fois Tip m'a sauvé un pied. Pendant que j'étais parti à l'école, mon père a fait des pièges à loups et les a étendus dans le bois. Quand je suis arrivé de l'école, je suis allé à la chasse avec mon chien. En arrivant dans le bois Tip se mit à japper, je n'en savais pas la raison. Tout à coup il saute devant moi pour m'empêcher de marcher car j'étais exposé à me prendre le pied dans un piège.

De retour à la maison j'ai récompensé Tip en lui donnant toute une boîte de biscuits pour les chiens. Dans ses yeux j'ai lu "Merci Paul". Je crois qu'un chien est un ami très fidèle. Tip et moi nous sommes des amis inséparables.

REPORTS from FOODS & NUTRITION and
FABRIC & DRESS Classes

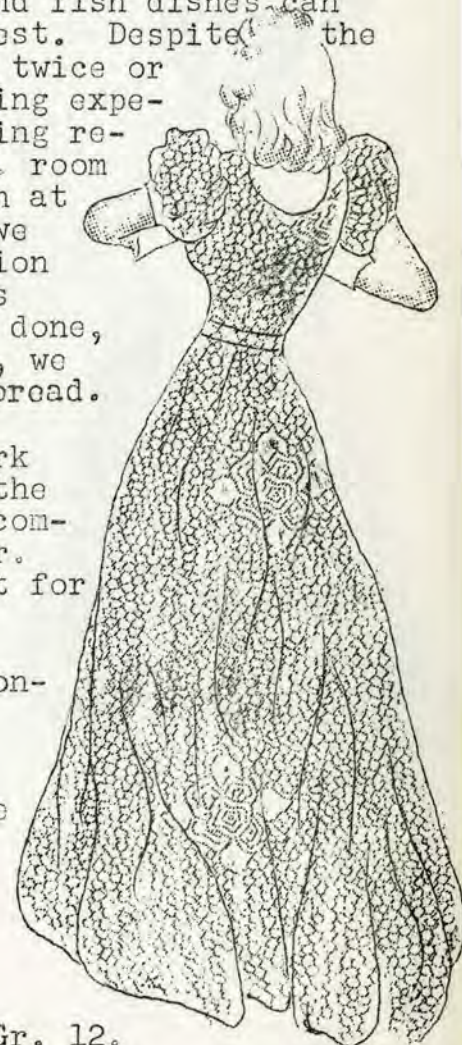

On September 3, 1959, many girls assembled to visit the new HOME ECONOMICS department. There were compliments echoing throughout the school about the new spacious and beautifully decorated room.

Ten girls from Grades Eleven and Twelve registered in the course of Foods and Nutrition 10. The course includes very practical theories on Good House keeping and a great variety of Lab. cooking practices. The baking of pies, cakes and cookies do not frighten us anymore. The preparation of vegetables, salads, casserole dishes of all sorts, as well as meat and fish dishes, can be handled by any of us with confidence and zest. Despite the fact that we had but a seventy minute period twice or three times a week, we even succeeded in gaining experiences at baking bread. As soon as the morning recess would ring, we would rush to the Home Ec. room and prepared our first leavening product, then at twelve o'clock, even before taking our lunch we would punch the dough and finish the preparation for the 60 minute rising period. When classes started at one, we already had an hour's work done, and by the time the 70 minute period was over, we could enjoy the sweet aroma of freshly-baked bread.

We had two formal culmination of our work during the year. We served a tea to some of the mothers. Our Principal and Vice-Principal accompanied by their wives were our guests of honor. Shortly before Christmas, we served a Banquet for the culmination of our Meal Planning.

Sister Mageau, our devoted instructor conducted these enjoyable classes.

Grade ten students have also enjoyed a year of fun in worth while experiences in the field of Fabric and Dress 10. All have made for themselves lovely garments they can wear at parties as well as at school. How fortunate we are to learn so many useful things we will be using as long as we live.

SHOP ACTIVITIES

This year for the first time a new course was offered to students in high school, namely, electricity and electronics 10. Even though this is not on the matriculation program, a good number of boys from the grades eleven and twelve have taken great interest in it, knowing that it will be of great help in their future life. Much of the credit in this course must be given to our devoted teacher, Mr. Demers, who has spent so many hours during school and after school in the teaching of this vast course of Electricity and Electronics.

Our year was well started off with the learning of parallel and series circuits which led to the making of the hockey score board. The score board, now set up at the hockey rink, has been and will be enjoyed by the numerous hockey players and fans. From the study of circuits, most students took as their next project, the rewinding of electric motors which proved to be a great success.

With all this study of electricity, the students were all anxious and ready to enter into their second part of the course; Electronics. In the first part of that course we learned that electricity is the flow of electrons along a conductor while electronics is the flow of electrons in a gas or in air. In this study we dealt with radios, frequency, short wave, and the many different kinds of tubes, and many other facts of electronics. So with another year gone by, I am sure that all the students who have taken this course have greatly enjoyed working in the new shop and with a wonderful teacher, Mr. Demers.

The grade ten have been involved in wood-work. Very many lovely pieces of furniture have come out of this class to the satisfaction of the happy constructors. I know through experience, the pride and satisfaction which is aglow in a young boy's heart when he can carry home for "Mothers' Day" one of these articles mom has been hoping for, since a long time.

SPORTS REPORT

As the 1959-1960 school term opened, the students looked well ahead towards an athletic year.

Instead of joining a basketball league, the player's interests were centred more on the competition of surrounding districts. Such schools as Clyde, Bon Accord, Morinville and Redwater were our points of competition.

On February 20, we were invited to Redwater for a tournament. The boys came home with a beautiful trophy after a competition over Andrew.

On March 19, a tournament in Legal was organized with the Clyde, Morinville, Bon Accord and Legal schools participating. The girls' first event trophy sponsored by the Canadian Legion was won by the Legal girls. The boys first event trophy sponsored by the Co-op Association was won also by the boys of Legal. There was a second event cup sponsored by the Student's Union for both boys' and girls' competitions. These were won by the Bon Accord girls and the Clyde boys.

The long hockey season has seen many games of interest. Two teams were formed in the High School, of which Meclea Casavant and Donald Cyr were the team captains. The latter team won the trophy for the juvenile sections. Two games were played against outside teams: Villeneuve and Morinville. Although no victory was recorded, all players enjoyed the games.

In the midget division, team captains were Johnny Montpetit, Leopold Casavant and Ernest Brisson. The victorious team which won the trophy was Leopold Casavant's team, coached by Mr. F. Martineau.

The Pee Wees had three teams in which Roger Pelletier, Denis Pelletier and Etienne Paquin were captains. The team of Etienne Paquin was the league winner.

All teams were organized and operated by the Recreational Board, the main purpose being to promote good sportsmanship. As a result, to all players who participated in leagues organized by the Recreational Board, a trip to the Edmonton Gardens was organized where over forty players witnessed the Edmonton Oil Kings win over the Brandon Wheat Kings.

(Sports, cont.)

The boys' Ping Pong Tournament was started prior to Easter. Eighteen participants entered. Two events were held in which Robert Holzer won the first and Real Vaugeois the second event. The girls' Ping Pong Tournament was held after Easter. Eight girls participated in the event which was won by Susie Holzer who was also last year's winner. A tremendous interest and a feeling of good sportsmanship was shown by all participants.

All sport were organized to promote good sportsmanship and closer friendship among all students.

Chère Cousine Josette;

Il me semble que vous serez heureuse de recevoir des nouvelles de Legal, je vais essayer de vous intéresser en vous racontant le plus possible, notre vie paroissiale et scolaire. Notre paroisse, St-Emile de Legal, est située à une trentaine de milles environ au nord d'Edmonton et à peine un mille et demi du grand chemin Alaska Highway.

Près de 250 familles composent notre paroisse. M. l'abbé G. H. Primeau est le curé depuis le mois de septembre 1958. Notre paroisse est bien organisée et chaque paroissien collabore le mieux possible avec notre curé afin de lui alléger la tâche puisqu'il est seul maintenant car Monseigneur Lussier a dû rappeler notre vicaire pour lui confier un poste à St-Paul.

Mes vacances de Noël ont été très intéressantes; je me suis amusé avec mon cousin Robert, de Red Deer. Nous avons eu beaucoup de plaisir ensemble étant du même âge. Je n'ai qu'une petite soeur, Paulette, âgée de 8 ans et un frère, Robert, qui a 6 ans.

Notre école est dans la "Sturgeon Division", il y a plus de quatre cents élèves et une vingtaine de professeurs; cinq religieuses et les autres sont des professeurs laïques. Six autobus transportent les enfants matin et soir. J'ai le bonheur d'habiter près de l'école. Maman est secrétaire de l'école et comme moi, elle y passe ses journées.

Mon père s'occupe d'un entrepôt pour le grain, il est moins occupé que d'habitude car les récoltes sont presque encore toutes dans les champs. Nous espérons qu'au printemps les fermiers seront plus favorisés et qu'ils pourront sauver un peu de leur récolte.

Il me semble vous avoir intéressée un peu, si oui, je vais écrire plus tard.

Un cousin albertain,
Raymond Titiryn,
Grade 8

REPONSE DE COUSINE JOSETTE

Cher Raymond;

Comme je ne connaissais absolument rien de Legal, sauf que c'est en Alberta, ton récit m'a vivement intéressée. Je souhaite que d'autres fassent comme toi et me donnent l'historique de leur paroisse et des nouvelles brèves de la vie paroissiale et scolaire. Ecris encore!

Cousine Josette.

Ma Collection d'oeufs d'oiseaux

Mon violon d'Ingres est de collectionner des oeufs d'oiseaux. L'année dernière j'avais plus de soixante-quinze sortes d'oeufs d'oiseaux et j'en connaissais le nom de plusieurs. Je les ai tous pris aux environs de Legal.

Parfois je trouve des oeufs par terre, je les ramasse et cherche pour trouver un nid dans les environs. Ensuite je surveille afin de découvrir quelle sorte d'oiseaux fréquentent ces parages. Quand je ne suis pas familier avec cet oiseau, je cherche dans des livres sur les oiseaux jusqu'à ce que j'aie trouvé le nom et les habitudes de cette sorte d'oiseau.

Dans ma collection j'ai des oeufs de pigeons, d'oiseaux chanteurs, de poules sauvages, d'oiseaux de proie et des oiseaux qui sont des pestes comme la corneille, la pille, le moineau etc.

Je détruis les nids et les oeufs des oiseaux malfaisants, mais autant que possible, je protège les autres oiseaux qui sont si précieux aux agriculteurs.

Vous vous demandez peut-être comment je conserve cette collection d'oeufs? Voici. D'abord je vide les oeufs, puis je les dépose dans une belle boîte en bois que j'ai préparée à cet effet. Elle est divisée à l'intérieur en petits compartiments, dans lesquels je dépose mes oeufs et, en dessous, je colle les noms des oiseaux. Quand je puis trouver le portrait des oiseaux et quelques notes sur leur manière de vivre, je conserve précieusement tous ces renseignements, car cela m'aide à connaître et à apprécier mes amis de la gent ailée.

Antoine Paquin,

Grade 9.

REPONSE DE COUSINE JOSETTE

Bonjour Antoine;

Félicitations pour ta très intéressante composition. Tu es un des quatre garçons gagnants de Legal. Je crois bien que vous devez taquiner un peu les filles. Continuez à faire du progrès.

Amicalement,

Cousine Josette.

IN MEMORIAM

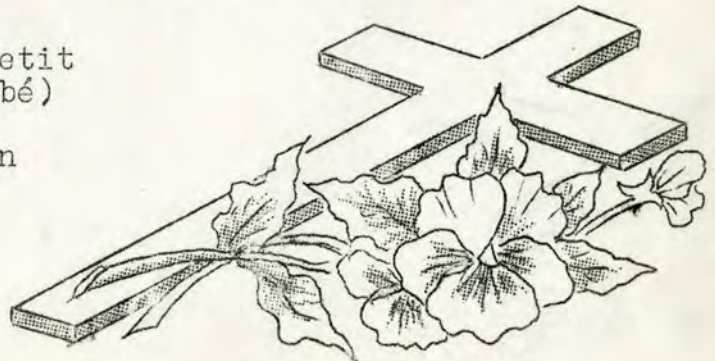

L'année 1959-60 a vu partir pour l'au-de-là dix des nôtres. Comme il est vrai de dire encore une fois que la mort n'est pas polie, elle fait passer souvent les jeunes avant les vieux. Quatre sur dix n'ont fait qu'apparaître sur cette terre d'exile.

A toutes ces familles éprouvées nous réitérons nos sympathies les plus sincères.

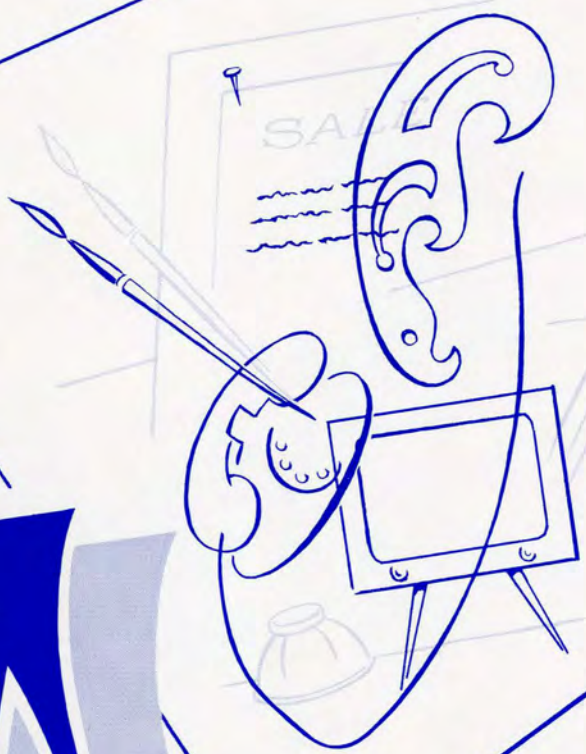

- Le 19 juin, 1959, M. John Georges Labby
agé de 75 ans, - décédé subitement.
- Le 30 août, 1959, M. Théodul Benjamin Brisson
agé de 80 ans, - décédé à St. Albert.
- Le 12 septembre, - M. Louis Joseph Laforce
agé de 78 ans, - décédé à l'Hopital Général
d'Edmonton.
- Le 13 octobre, 1959- Marie Vivian Cloutier
agé d'un jour - décédé à l'Hopital Westlock.
- Le 22 octobre, 1959- M. Théodore Gelot
agé de 97 ans - décédé à l'Hopital Westlock.
- Le 13 janvier, 1960, Bébé Elisé Pelletier
agé d'un jour - décédé à l'Hopital Westlock
- Le 20 janvier, 1960 M. Adalbert Provost
agé de 77 ans, - décédé subitement.
- Le 19 avril, 1960 Doris Mary Gratton
agée de 5 ans, - décédé accidentellement.
- Le 20 avril, 1960 Laurent Létourneau
agé de 4 ans, - décédé à l'Hopital de
l'Université d'Edmonton.

Le 15 mai, 1960
Madame Albert Montpetit
(Annie Louise Barnabé)
agée de 81 ans,
décédé subitement en
sa demeure.
