

News Cast-C.J.N.R.,\*Garnier College-Sat. Mar. 15, 1958

Y our newscaster for Garnier College today is Bill Herman. The first thing we wish to say this morning is a hearty "Thank You" to C.J.N.R. for making this service available to the schools of the district.

A unique thing about our teachers at Garnier College is their age. They are the oldest high school teachers on the North Shore. For you see the Jesuit Fathers who teach at Garnier have been teaching since the year 1534. Of course our professors there today have not themselves been teaching since 1534, but the Jesuit Order of which they are a part has been educating boys since the year 1534.

Up until last Fall Garnier College was devoted exclusively to the education of Indian children. But now the Federal Govt. no longer wishes the segregated education of Indian children. Therefore Garnier College has become a link in the chain of Jesuit Boarding Schools extending from Halifax to Regina.

The chief activity at the College since the first of January has been the Garnier H ockey Club. This team has a very famous past history. When this team played in the now defunct North Shore League, it carried home a championship at least four times. In those days interest in the team was truly fanatic among the fans.

This past year, the Garnier Aggregate was in the southern

group of the N.O.H.A., the Northern Ontario Hockey Association. Five teams are in this league, Falconbridge, Sudbury, Garson, Espanola and Garnier College. Garnier College is the only team in the league professedly representing a school.

On home ice, the Garnier team lost only one official league game. The style of hockey played by the team this year, was aggressive, a headlong rushing game. Skating was fast and shots on goal were many. At times the enthusiastic cheering of the fans reached such intensity that the Garnier Club and their opponents thought a referee's whistle had blown.

In spite of the handicap of not having readily available ice for practice until the middle of the Christmas holidays, our hockey team finished up first in the league. However, in the playoffs Garnier College lost three out of four games to Sudbury. Father McCardle, our coach, says that the reason for this loss was the fact that we did not have the advantage of playing on our home ice. By this time the weather had become too mild and the ice in our arena did not remain hard enough for home games.

We hope that someday a fairy princess will come along and install an artificial ice-plant. Everyone tells us that the arena is so well insulated that artificial ice could easily be maintained in it from the middle of October to the middle of April.

One thing the officials of the school have noticed is that while there is ice in the arena, there is no sickness in the school.

Of course too, an artificial ice rink at Spanish would be of advantage to Elliott Lake. It would probably save these teams the trouble of trying to fit into the crowded schedule of the Blind River Arena.

This year's hockey club was a young inexperienced club. Five of the players were from Massey, the rest from the College. An outstanding player on the team <sup>was</sup> ~~were~~ Greg. Moffatt of Massey in nets. He had the lowest "goals against", average in the league. Unfortunately he was injured during playoffs. Larry Burns was outstanding on defense, playing 50 minutes per game. He was considered the best defenseman in the league. Bernie Jacobs came second in the league for unassisted goals and was highest in the league for number of goals scored. All in all. this year's was a very wonderful, energetic, classy and co/operative hockey team.

We wish to hand out special kudos to our fans, not only for their cheering but for their generous provision of transportation for away-from-home games. The boys of the team doff their hats very specially to the girls of St. Joseph's Residential School too for their rousing cheers throughout the season.

That then for hockey.

Early in February brand new lockers arrived at the College. That we have these lockers is in no small part due to the generosity of the people living in trailer camps between Elliott

Lake and Spanish. We wish to thank the people of Elliott Lake, Blind River, Spanish, Massey and Espanola who so graciously aided us with the Zodiac car campaign last Fall. One hundred and four lockers were purchased. The remaining funds have been used to do the boys' smoker in notty pine.

Christmas time saw a tuneful operetta, "The Vagabonds" at the College. This last week, the boys of Garnier and the girls of St. Josephs combined to give a St. Patrick's Day concert. This was under the direction of Rev. Father McKenzie and Miss Letray of St. Joseph's. Bernie Jacobs soloed in McNamara's Band and Frank Syrette had the honor of loweing the Boom with Clancy. Mr. Barry Murphy, the Science Professor was very entertaining with "Who Threw the Overalls in Mrs. Murphy's Chowder".

Slowly but surely the formation of a school band is taking plice under the direction of Father Popelka. Your newscaster is one of the members of the band. This band made its debut at Christmas and gave several more selections at the St. Patrick's Day concert.

During one of the English periods since Christmas, grades 9 & 10 used copies of the New York Times and the Financial Post as backgrounds for composition. At some later date these will appear in our school paper, "The Garnier Club Star".

Well after this newscast and panel discussion it is back to the books. Our Easter Exams are on and we wish everyone at the school every success possible in his exams.
