

if you kindly will - to see what you can do -
 what I propose - with rough is -
 of guarantee of 10 cent per ann. interest -
 of one a bonus per ann. term to term if profits
 shall allow it -
 three months notice I shall say ought the price
 or not - leave of Capital -
 Shares might be \$25 each -
 Shareholders - ought to have lost - in case of
 destruction of fire or other wise -

It seems to me that some such plan as this will
 be the most satisfactory way of settling the affair -
 I & the boys who are working each take shares
 - & feel that had an interest in the concerns &
 be more likely to keep steady at work & keep
 the machinery in good order -

I'd like your advice about it - & if you
 approve shall be glad if you can put me in the
 way of getting it started in proper form -

Yrs sincerely -

I have just received
 your circular letter regarding the
 plan on the part of the Society
 of Little in the way of extension and
 more interest work -
 is somewhat curious that there
 is at the time entire trust to you
 to give - as an experiment -

on receiving 10 or 15 of your
 boys at our home here - I am
 sure you are a great benefit
 I wish I could see you I tell you

the White boys - and with us - with
 full' consideration - clearing a
 trade would have no difficulty in
 getting employment - We have an
 embryo farm - boot-shed - Carriage
 shop - & are just starting a small
 iron factory - we can also apprentice
 our boys to tailoring, tin smithy,
 blacksmithing &c in the Village.

So, the present I can make
 no liberal offer - simply that
 that if you can get passage
 paid for 10 boys of good character
 - & passage is £10 per annum
 I. K. support - I shall be glad
 to take them in the Spring - £10

Home is - Belated, we have
 only taken Indian boys - But
 have thought that if we had a
 few white boys it wd do good in
 more ways than one - Our children
 boys wd learn English faster - &
 would be more stimulated -
 Learn - Our positions
 too here at least the Maria - the
 fate of the South West - is I
 think very advantageous - all
 the traffic of emigrants from
 England to Mauritius will reach

The Sup^t Genl. Indian Affairs

Sir -

I shall deem it a favor if you will inform me whether it is in accordance with instructions from the Department that Mr. Van Abbott the Indian Land Agent here sends back my school return for the most trifling alterations merely causing a great and as it seems to me an unnecessary delay before the School Report can reach the Department - It is also a serious matter with me having to wait so long before the Departmental cheque reaches me - and as Mr. Van Abbott is a man of very intemperate habits I should like to know to what cause the delay may be attributed & if there is any means by which it may be remedied. I sent in my School report for the past quarter to Mr. Abbott when our school closed about Christmas time - since then he has returned it to me I think four times - and I have

to day sent it back them once more -

I acknowledge that there were slight errors - but I think that Mr. Van Abbott should have pointed out what those errors were so that they might all have been corrected at one time - Just at this time I am exceedingly busy making up my accounts for the year, taking stock, preparing annual Report &c - & it is very annoying to be unnecessarily interrupted -

I have always tried & always wish to gain satisfaction to the Department, in response to the liberal grant made to our Homes - but would prefer if the agent with whom I have to deal could be a gentlemanly & temperate man -

If it is not asking too much I would request that Mr. Van Abbott be instructed - when he has occasion to send back my School Report for alteration - to specify clearly what the required alterations are - & those alterations having been made - not to send the Report to me again -

I leave the honor to be his

Your of the 4th inst. received - with very thanks - I will write P. Dear young friends
P. Catargui

Mr. Kirkpatrick has just forwarded me your very acceptable liberal contribution of \$5.00 - towards the support of the Indian Home - I am very cheering to find that there are those who think about us & are trying to lend a helping hand for these poor Indians. Sometimes we find it a very dry work. The Indian parents at times do not seem to appreciate what we are trying to do for their children -

I have just received

more than two weeks - He used

but got nearly well - but he was

running about & got the skin

scuffed off & it became very

sore - so I kept him in bed

Again - It was rather hard
for him to be kept lying still
so long, but he ^{was} very patient
about it. Your girl Laura
is quite well - but Maria has
a cough again just the same
as she had last winter - Little
Alexandre is all right - but
I think he was almost too young
to come to school as he has dirty

If you see Chief Sahquageh

we had a splendid Christmas

received has relieved me of
all doubt & anxiety. By way
thanks for the remittance - \$5.00
from the Chapter House, & \$5.05 from
Mr. Lewis for A. M. Rev. I do

not see how it is that the little paper
has failed to meet Mr. L. The mail
is all done from my office & I think
it is my fault that my mis-estimate
is made. Yours did not receive

them, & must I think have
been carried in the mail -

Rev. Isaac Hawkins

Dear Sir

I need scarcely say that I was delighted by your letter concerning \$100 - Please thank

the young ladies by sending for their efforts on behalf of our Indian Mission.

I want to ask Mr. Ketter

to would like to my divided attention

you say equally ^{between} among the two purposes -

or that we should expend it in

providing for our Memorial Chapel

- Chapel for the Clerical - making for the

work - Chapel & furniture for the vestry.

It shall be just as you decide.

Make the proposal think that the young people

may prefer our way the money for a definite

object like this - but if not - it will be well

employed in any thing required for the Mission -

Yours truly
C. H. Wilcox

I think you have done some good. Yours

your letter of the 13th. I am very

glad to hear that there is a prospect

of the fact, is especially so that

some one it will have a salutary

effect on the minds of those in the

vicinity - that the fact is here

with it and their children to be

is - Will you kindly

in agreement signed by the young

Abraham for his two little girls' work

to Mary. It is now at the Mission

Home - He writes true that he would

have it any 5 or 6 years - It is an

great well spent in work. I am very

glad you have done some good. Yours

Dear Sir In any type of the

text I think it would be a good

plan for you to teach school

instead of so dispersed at any

rate for a few months with me.

I can find a teacher - The only

one I can think of is a Miss

McDonnell, of the town, Mr Bruce

knows. He was teacher of school

for me at the Indian Reservation and

again. She is young - about 17 -

she is young - You might write

her. I told her to visit you

the winter if the days were passing -

but it is terrible thing to do - school

material can I believe be improved here.

Dear Mr. Revere

I received your welcome
letter of Dec. 28th some weeks
back - & was very glad there
was good account of you
all - especially that Mr.

Revere was preserved safe
through the time of trial & that
little daughter born to you - We
are all amused at the name
"Reception Mary". I was also

very glad to hear about Miss Lark.
I think that he must be approved.

I think it was the best examination

sleeping fire a few weeks ago - a
lamp burnt in the class room & the

all on fire - but we brought the fire

extinguished. We have ^{with}

clear man but rather eccentric

He has been very quick learning
He speaks language & can speak

The Superintendent General
of Indian Affairs
Si.

I have received your
letter of the 25th inst. in regard to Mr. Van Abbott,
the Indian Land's agent here. I had not
intended to formulate any charge against Mr.
Van Abbott - nor would I wish to do any thing that
would at all impair him in his position - indeed
it was merely incidental that I alluded to his
intemperate habits. It is unfortunately not an
uncommon fault in many all classes of society.

I have the honor to be Sir

My dear Sir

The news contained in
your letter of the 20th inst. is not
altogether surprising - I suppose
the chances are that W. W. ... will
pass out of existence almost
- except as an outlet for the
Gambler's business - Money
is more advisable for you to move
I center to some point near
Ludlow Junction - but you will
wait the course of events - I
think seems best for now - You
seem to be strongly interested in
book - & I doubt not will find it
will be the means of much good there
you may be called to do - The ...
