Many people are under the impression that we receive the same per capita grant from the Government as the Indian Missions in the North West, but this is not so - They receive a per capita grant of \$100 to \$110 - we receive only \$60 per capita, in addition to this grant we receive an annual grant of £110 - from the C. C. Society, England - which the Bishop would receive

dependant on outside help -  
 At present there are only  
 (60) boys in the King's work.  
 Their ages ranging from 7  
 years to 21. For more boys  
 are expected every day now.

Woolly & bedding of every  
 description is much needed  
 for them, strong shoes or  
 cloth boots & harness for  
 everyday wear, flannel or  
 cotton shirts, trousers, socks

 Cotton & piece of cloth or  
 flannel are always most

 pillow case 30 x 16 inch.

Bro King & myself will be

The box so kindly sent  
 by G<sup>r</sup> Branch, containing sheets  
 pillow cases, socks & other  
 very useful articles from G<sup>r</sup>  
 Junior Auxiliary are safely  
 at the Shogwank. Last night

- Now before this reaches you  
 our Indian trip will enjoy  
 & appreciate the comfort of  
 them. Will you please thank  
 the individual members of the

My dear Sir,

I beg to acknowledge receipt  
 of y<sup>r</sup> kind letter of 28<sup>th</sup> ultimo.  
 The Church warden - Mr. John  
 Hamilton is quite correct, the  
 mistake is on our part. The  
 last \$50. you kindly sent us  
 which we received through  
 our Treas<sup>r</sup> - Mr. Kemp in March  
 covers the amount of y<sup>r</sup>  
 subscription in full to the  
 1<sup>st</sup> April. 196. ; But on our  
 system of asking for subscription  
 quarterly in advance. There was

on

- on that date on this arrangement  
 \$12<sup>50</sup> due. We are as a rule  
 very careful in studying out  
 our statements & I regret  
 exceedingly such an error  
 should have been made.  
 - So, there was never any  
 written agreement on the part  
 of any former Rector or the  
 late C. Judge Esq that I am  
 aware of. We have just  
 simply depended on yr.  
 support which has always  
 been so reliable, indeed as  
 Sunday School in Canada  
 was never so loyal to the  
 Shingwaug as the N. Meeting.

Sunday School. I wish & I  
 do sincerely trust we may  
 count on a continuance of  
 their support & that whatever  
 arrangements as to recasting  
 is most convenient to y<sup>r</sup>  
 Schools they will please  
 adopt.

My dear Sir,

Please convey to the Rector  
 of St. Albans Cathedral & Sch.  
 our sincere & hearty thanks for  
 their kind donation of \$12<sup>48</sup>  
 towards the support of our  
 school, advised us in our Trust  
 to keep a precise statement &  
 see them that in the present  
 low state of our funds their  
 kind help is doubly welcome  
 & appreciated - If Rector  
 would care to undertake the  
 support of an individual boy

I should be most happy to  
 appoint them one as their  
 special charge. The full  
 support of a boy at the  
 King's school is \$75 per an-  
 num if clothing is less than  
 \$50. per an. or if they could  
 not manage the full support  
 I should be most grateful  
 if they would undertake the  
 half support \$37.50

at the end of each quarter  
 a report of the pupil is  
 sent to his supporters together  
 with the number of marks  
 taken at the last examination,  
 progress made &c of the  
 pupil

- I have also written a letter  
 There are at present sixty boys  
 boys in the Linguist. & six  
 more are shortly expected,  
 more than half are entirely  
 unsupported & I should be  
 more than glad to appoint

 see the way to adopt him  
 or contribute something  
 towards his support.

Mr. Kinnear

My dear Madam,

I beg to acknowledge receipt of  
your letter dated 7<sup>th</sup> inst which only  
reached us late on Saturday  
night, making request for  
John Dejeu to be admitted into  
the Shipping Bank, some small  
funds can be collected in  
Toronto to send him to Africa,  
I regret very much that it  
do not in any way to comply  
with your wishes - John Dejeu  
was an inmate of the Hospital  
during three years, from Septem  
- 5

to June 1938 - he was partially  
 supported by the Church of  
 Wisconsin, Toronto, but from  
 the latter date to July 1950 the  
 time of his leaving we were  
 unable to find supporters for  
 him & his account in consequence  
 is \$125.<sup>00</sup> in arrears to day  
 Both the Home & Com<sup>tee</sup> & myself  
 feel that we have done as  
 much for John Hyip as we  
 possibly could do or had any  
 right to do & do not feel  
 justified in increasing the  
 already existing debt of \$125.  
 Since ours is a Home for  
 Indian Children & all funds  
 are?

— 200? It must be applied strictly  
 & only for the benefit of  
 Indian Children.

I think you will understand  
 how difficult it is to refuse a  
 request of this kind especially  
 coming as this does from a  
 dear & sincere hope that  
 the kind & vigorous efforts of  
 the Woman's Auxiliary will  
 meet with every success &  
 shall hope to hear of John's  
 safe arrival in Africa.

But to say to the Department  
 wishes to say you put a  
 decision upon the pupils  
 who's home will appear

I have not the satisfaction  
 in regard to the success of the  
 little trouble with the pupils  
 and would suggest subject  
 to the Department approval  
 that three pupils who have  
 not been this year for  
 two years or more be  
 permitted to re-enter, to be  
 provided the tuition fees  
 are paid in advance  
 and the Department agree  
 to the same would be  
 perhaps twenty pupils  
 admitted

 - called to go.

Received a copy of  
 the collection of  
 papers of Maria last year  
 bearing on this matter,

which she has now to be

Principal's Report for July  
1896.

Sir,

The general health of the pupils during the month was satisfactory, with the exception of pupil Solomon Masuk "No 28, who was on the sick list for about ten days, but is now I am glad to say alright again & able to be out of doors.

School closed on the  
 24th Sept. Gen<sup>l</sup> of  
 Indian Affairs  
 Ottawa.

The 8<sup>th</sup> inst. for the customary  
 four weeks summer holidays  
 and will reopen again on  
 the 30<sup>th</sup> August.

Four pupils who have not  
 seen their parents for two  
 years or more have been  
 granted one month's leave  
 of absence. Sufficient money  
 having been sent me to  
 cover their return fares.

Three others, whose parents  
 deceased, sending enough  
 money leave for their return  
 to day (30<sup>th</sup> Aug.) for two  
 weeks and on the understanding

3

that they are to return in  
time for the reopening of  
school Aug<sup>r</sup> 20<sup>th</sup>.

Miss Rutherford & Henry  
Petus left for Bruce Mines  
on the 25<sup>th</sup> & will return  
to the institution on the  
8<sup>th</sup> Aug<sup>r</sup>. Mr. Baule's one  
son & the teacher left on  
the 9<sup>th</sup> for one month's  
vacation & also returns on  
the 8<sup>th</sup> Aug<sup>r</sup>.

The four quinquas axes  
kindly sent by the Department  
for the Shingwan have  
been placed throughout  
the institution in order.

- wooden brackets from which  
 they can be easily detached  
 for use in case of fire.  
 I am glad to say a great  
 improvement has lately been  
 effected in our bake kitchen.  
 The interior has been lined  
 & ceiled with matched  
 lumber, a new hard wood  
 floor laid, the building  
 painted inside & out & new  
 shingled & a new portable  
 oven has been purchased  
 with oven capacity for  
 eighty loaves.

I am desirous of the

of the Department's sanction  
to the discharge of pupil  
Frederick Pleasant, No. 51,  
who is now twenty one  
years of age.

This young man was  
admitted into the Shuqun  
in September 1894 at the  
age of nineteen, much too  
old, & with habits too  
formed, to do anything well.  
His utterly disregard of the  
rules of the institution, is  
intolerably large, & has a  
bad influence over the  
younger.

- younger pupils - I have  
 tried my utmost to awaken  
 some ambition in him, but  
 all my efforts have failed  
 entirely. Alas as I am  
 of his influence with the  
 other pupils, his being in  
 the Shingwahk causes me  
 no little anxiety.

Dear Sir;

re Dan Johnson.

This boy was home last year  
 & therefore not entitled to go  
 this, Dan quite understands  
 this himself, more over has  
 expressed a wish to remain  
 in the Singwant another  
 year & is quite contented in  
 I do hope that no other  
 asking him to come home will  
 be sent & which would be  
 likely to upset & make the  
 boy unhappy.

The boy has been  
 pleased

been placed to Davis credit

 Dear Mr. Beaulieu.

Ye 4 weeks vacation expires  
 on the 7<sup>th</sup> Aug - before &  
 return here in time to take up  
 ye duties by the 8<sup>th</sup> inst.

Mr. Dooley leaves on the  
 4<sup>th</sup> Aug<sup>st</sup> for two weeks.  
 By leaving on that date  
 he can take advantage of a  
 cheap rate to the North West  
 & under the circumstances  
 I could only give in with  
 his plans & rely upon 5<sup>th</sup>  
 being with me by the 8<sup>th</sup> Aug.

Dear Sir,

I am in receipt of your  
 card of 29<sup>th</sup> inst  
 re Elijah Penman.

When I wrote you on the  
 20<sup>th</sup> ulto. acknowledging the  
 \$3. sent for Elijah I was  
 not aware that Elijah was  
 indebted to the Institution  
 \$2<sup>25</sup> the cost of his ticket  
 to the home in September 1890  
 I discovered the error soon  
 after writing & explained the  
 matter

matter to Elijah prior to 8<sup>th</sup> Dec  
 and told him to write his parents  
 to send him this amount in  
 order to have sufficient money  
 to pay for his return fare.  
 He told me he wished to go  
 and I was quite under the  
 impression that he had done  
 so or would have written you.

The boy is happy & enjoying  
 his holidays here & displayed  
 being so evidently growing  
 and under the weather.

I cannot in view of the  
 Indian Department instructions  
 permit him to go, unless there

is enough to cover his expenses  
 to & from the Shore. If the  
 necessary money \$2. were  
 provided, Eljah, he would  
 easily leave a few days at  
 home as the shore requires on  
 the 18<sup>th</sup> August. & all papers  
 must be in the King's book  
 by that date. I have no  
 power to extend vacation  
 a single day, in any case.

Today, I received the  
 sufficient money of \$10.  
 William & John Rogers &  
 Tommy Williams' returns, which  
 these

These troops leave by the Monard.  
Aug 3<sup>rd</sup> - for two weeks. & are  
to return in time for opening  
of school Aug<sup>r</sup> 18<sup>th</sup>  
This is distinctly understood.

My dear Sir,

I enclose in receipt of 4 letters  
 of 27<sup>th</sup> inst recommending Miss  
 Denton of 9<sup>th</sup> parish for the  
 vacant position of junior  
 teacher in our Home.

I regret that I am not  
 able to accept her services,  
 especially as she is so  
 highly recommended by  
 yourself, but it is a male teacher  
 that I require & as I have  
 explained to her, there are other

2

other duties which the teacher  
 would be expected to perform  
 outside of the school room  
 such as attending to the boys  
 bathing, clothing, cleanliness  
 & other details - to drill them  
 & to take an interest in, and  
 assist them in their outdoor  
 games, which every man  
 could properly attend to.

If finances permit of  
 the erection of our New girls  
 Home in the near future, as  
 I trust they will do this  
 would doubtless be other  
 new occasions which might

3

— permit of Miss Dentons  
joining our Staff if she  
thru desired employment  
& I shall not forget  
her application.

 My dear Madam,

I beg to acknowledge y<sup>r</sup>  
 letter of 27<sup>th</sup> inst making  
 application for the vacant  
 position of junior teacher  
 in this institution & in  
 reply I regret that I do  
 not see any way to accept  
 of services for the reason  
 that it is a male teacher  
 I remain  
 Sir & Madam as you  
 are

are possibly more a citizen  
 a boys home. The teacher  
 has numerous duties to  
 perform outside of actual  
 teaching & the school room  
 which only a man could  
 well discharge. Hence my  
 advantages for a male  
 teacher.

I may say that I rec<sup>d</sup>  
 every head letter from Mr.

 that no recommendation  
 would have carried quite  
 weight than Harris had

 Sarum. Wt.

My dear Sir,

In reply to yr. post card  
 of 25<sup>th</sup> inst. I am happy to  
 tell you that the Day family  
 are all in good health.

The two little girls Sara &  
 Ruby live with Mrs. Edmond  
 the farmer's wife in a building  
 just across the road from my  
 residence. They are well and  
 you & seem very happy little  
 ones. The boys are steady  
 little fellows & growing  
 rapidly. The eldest Frank

was a plain boy & doing well  
 for his age in school  
 We have rec<sup>d</sup> nothing  
 towards their education support  
 out of any private moneys  
 belonging to them. We receive  
 from the Department the usual  
 per capita grant, the balance  
 necessary for their support  
 has to be met out of the  
 funds.

With regard to John Collins  
 who ran away from the Home  
 on the 17<sup>th</sup> ultimo I have to  
 inform you that he is still  
 absent from the institution.  
 I have reason to believe he is

3

in hiding on the American side  
 He was seen there recently by  
 a party who was not aware  
 that he had run away &  
 thought he was over the river  
 with my permission.

He is constantly running away  
 is a bad example to the other  
 pupils & if I succeed in  
 getting him back again to the  
 Shingwan as I hope to do  
 ultimately, it is my intention  
 to send him home to his father  
 we can do nothing with it  
 led here.

I shall be very glad to  
 hear from you with regard to the

Wigwam. as soon as possible  
if you are able to procure  
same for me and what the  
cost is to be.

Thanking you in anticipation

 Sir,

I hereby certify that the work of placing the No. 1. water heating apparatus in the King's bank room was completed by Messrs. W. H. Plummer & Co., the contractors, on the 22<sup>nd</sup> July 1906. That the work was faithfully performed and in accordance with the specifications. The two Boilers are No 8 Daisy Boilers with an attachment of 49 Stafford radiation and equal to 2868 sq. ft. of radiation exclusive of mains, which proved sufficient for the

for the heating of the building
