The image shows the front cover of an antique book. The main cover is decorated with marbled paper featuring a pattern of irregular, interconnected shapes in shades of brown and teal, with some white highlights. To the left, the spine is bound in a smooth, golden-brown material, possibly leather or cloth, which shows some wear and discoloration. On the right edge, there is a vertical strip of cream-colored paper containing a printed index of the alphabet, with each letter from A to Z on its own line.

which will be a guide to the members, though they need not feel much anxiety on the score of garments not fitting, what will not fit one boy will fit another, we experience no trouble in this way, our only & greatest difficulty is in obtaining enough clothing our per capita grant of \$60 per annum from the Government is so small compared with the per capita grant allowed Indian Schools in Manitoba and the Territories viz \$100. to \$115. per ann. that we cannot afford to buy clothing and are dependent entirely on the W.C. and other Missionary Societies for clothing and bedding for our boys I know that ladies find it much harder to make boys' clothing than girls, and if we could only turn all our boys into girls would face much better in the way of clothing for them.

We have 107 boys in the Home just at present they are taking their

altogether a most promising set

I beg to acknowledge receipt of
y^r kind dated 8th inst. and to thank
you most warmly for y^r kind
offer of assistance which reaches
us at a time when we are particularly
in need and is therefore doubly
welcome.

We shall be most grateful to the

take the support of a boy and
would offer subject to their
approval, Frank Beachbird, an
Ojibwa, 15 years of age.

This boy was once admitted
last October, but is steady,
industrious and obedient and
I think will do well in the Home.
He has made good progress in
his class since he has been with us.

The full cost of supporting
a boy in the Shingwauk is \$75
per ann. or if clothing is sent
than \$50. If the members cannot
contribute the full cost we shall
be grateful for whatever they
can send and will appoint to

Dear Mr. Blaine,

Your kind letter of the 19th inst enclosing the sum of \$10. from St. Paul's Church Sunday School Rochester for the Livingstone Home has just reached me. We are most grateful, and I beg you will please convey to your School our sincere thanks for their kind and most acceptable aid.

The year past has been a very hard one with us financially and we are carrying over a large deficit, which up to the present time it has been impossible to decrease. I have recently returned from Ottawa where our Bishop, some of the members of our committee and myself had an interview with the officials of the Indian Department with a view to obtaining their assistance in our difficulties. I do not think yet how far our mission may have been successful. We are waiting developments, but I hope some of the concessions asked for will be granted. Finances are, and always will be I fear a constant anxiety with us at Livingstone. However as an offset we have much to be thankful for

you, we are entirely free from
 sickness and have been for a
 long time. At present we have
 68 boys in the Home, they are
 a particularly promising lot of
 lads and are scarcely making
 excellent progress in the things want.
 We hope to get our Annual report
 covering the work for 1897
 completed in April and as soon
 as copies are printed, will be sure
 to send you one.

Again thanking you for yr.
 kind help, with kind regards,

Dear Sirs,

With reference to the matter I was speaking to you about when in Ottawa recently, viz the making of new uniforms for our school.

The number of uniforms required will be about 65 to 70.

To be made similar to those of yours supplied us in 1896, - Norfolk Coat and trousers, red facings, and brass buttons.

We have about 300 yds of cloth, of which I send you a sample which w^o go a long way towards making the uniforms. Can you match it for the balance of material which w^o be required to fill the order?

What w^o it cost to make the uniforms? and what w^o the uniforms cost in which you provided all the material?

Principal's report for February 1898

Sir,

During the month an attack of influenza ran through the school, which entailed additional care and anxiety, and at the time interfered with the Classes and Trades. However I am happy to report that no serious consequences resulted therefrom.

The health of the pupils is now satisfactory.

On the 2nd inst. Mr. McCaughey the Public School Inspector visited the Shingwauk Home, and examined the classes. Mr. McCaughey was pleased with the progress being made by the pupils, the good order and discipline of the school.

On the 11th inst. His Honor Judge Johnston and Mr. Harry Flinn audited the Books and vouchers of the institution for 1897 and certified to their correctness.

On the 17th & 18th a Bazaar in aid of the Shingwauk "Organ Fund" was held in town, in a vacated store engaged for the purpose, the

sum of \$50, was realized after paying all expenses.

Our Carpenter boys under the supervision of N. Madden have been principally occupied during the month in general repairs to the various buildings, dressing of lumber, glazing, and mending of furniture &c.

The farmer and his boys were engaged in chopping & sawing of wood for the institution, sawing & storing of ice for summer use. Our shoe shop is in charge of two of the senior boys, who have done us excellent service during the month.

No pupils were admitted or discharged during February.

 Our Canada postage stamps
 have been out of circulation
 entirely for some months. There
 were only a limited number
 originally issued, which were
 at once bought up by speculators

Sir,

I beg to acknowledge receipt of your letter N^o 152067, dated 10th inst, stating the Department's willingness to see future to.

1. Furnish the Struigwaat Home upon requisition being made, with a moderate quantity of school supplies, and
2. To continue per capita grant allowance on absences pupils during vacation under conditions stated.

Whilst gratefully appreciating the Department's kindness in acceding the above concessions the Home's Committee much regrets the other and more important requisitions asked for, failed to meet the Department's favourable consideration.

The Committee trusts however that the Department will yet see its way to generously make a grant to the Struigwaat Home to cover medical expenses, which would assist in relieving the present & increasing indebtedness of the school.

Dear Mr Eccleston,
In reply to yours of 11th inst. we have no room at present for more boys. Our school is full. There will be probably be one or two vacancies however in May or June and it will be well for you to fill up and return to me now, the enclosed application form duly signed which I shall keep before me and advise you in case of vacancies occurring -
As to conditions,

1. Applicant must be of school age viz from 7 to 15
2. Physically sound
- 3 and shall remain in the institution for such term as the school authorities may deem proper.

We do not, and cannot pay travelling expenses.

In the case of orphans Chief of Band should pay their expenses or apply to the Department of Indian Affairs through the Government Agent (Mr. Ross?) to have the children sent to the Shinguan Home, if you are aware I suppose

Dear Mr. Lilliecraft.

Much to our delight the two
bairts of clothing kindly sent by
of Beach, and referred to in yr.
letter to me of 26th ult., reached
us safely and in good order today.
Mr. King has just finished
unpacking them, everything sent
is most useful and acceptable
and just the kind of clothing
most needed.

The cloth clothing, flannee
shirts, and bedding are
especially welcome, and I beg
you will please convey to the
members our warmest thanks
and appreciation of their kind
aid. Tomorrow is 'inspection

everyday clothing and it is
such a relief to them that we
have so many useful garments
to fall back upon.

The second hand
clothing sent is most acceptable
and needs very little alteration
for some of our bigger boys -
our tailor boys are working at
the garments this morning.

We are all quite tired of the long winter and looking forward to Spring and the opening of navigation again, our boys are just longing to commence football once more.

My dear Sir,

I duly received yr letter of
 14th inst. Sorry as I am upon
 learning its contents, I thank
 you for writing so frankly
 regarding the support of yr
 'Charge' at Shingwan. —

It is better for us to realize our
 difficulties and face them.
 Last year was a very hard one
 with us financially and we
 are carrying over this year a
 large deficit of nearly \$600
 which up to the present time it
 has simply been impossible to
 reduce one cent.

With a view to obtaining some
 increased assistance from the
 Government in our difficulties
 our Bishop and some of the
 members of the Home Committee
 & myself visited Ottawa last
 month and interviewed the
 officials of the Department of
 Indian Affairs — our mission
 whilst not entirely fruitless, was
 on the whole very disappointing
 I mention these facts to show
 you how much we really
 stand in need at this present
 time. The arrears of yr school

— as

3.

as you say amount to \$100,
up to the 1st January 1898, and
in view of y^r. remarks we are
willing to compromise and to
suggest subject to y^r. approval
as follows;

1. St. George's A.S. to now remit to us
whatever money there may be
in hand towards the support of
this protige. in full discharge
of arrears to 1st Jan'y 1898.
2. Y^r. account to start a fresh
from that date.

The amt. to be contributed in
future to be fixed and decided
upon by the members of y^r.
School - Thus leaving the
matter entirely in y^r. hands,
confident that y^r. School will
assist us in future as liberally
as its circumstances permit.

Gratefully appreciating your
kind interest in our work and
heartily thanking you for y^r.
good wishes for its success.

The last payment of 10th March being still in Mr. Kemp's hands. Neither you or I can clear up Mr. Davidson's September remittance unless we have some clue to work upon.

How was the amt sent?

Was the letter registered?

Is it then was the letter addressed to you or to me?

I do not let the matter worry you, time perhaps will reveal the mystery. With kind regards.

It gives me great pleasure to be able to report that yr charge is well, and doing well in the Shinguan. He has given much steadiness and more reliable of late and has not been "reported" for any misdemeanor during the past three months - a proof I think that the boy is trying to obey the rules of the school & to get on. He has grown considerably during the winter and is a fine healthy looking lad.

Dear Sir,

In reply to yr letter of 25th inst, making application for the admission of three Indian boys into the Shingwan Home, I am sorry to have to inform you that at present we have no accommodations - our school is full - I can assure you that it is with regret that I have been compelled to refuse admittance but every bed in the Home is at present occupied, and I have been refusing applicants ever since last fall. We could easily take in 15 to 20 more boys but lack sleeping accommodation.

For two years now I have been urging the Department to build us another dormitory and again placed the matter before them when in Ottawa last month; but they 'the Dept' are not in favour of extending the work, and we are totally unable to erect the additional ones -

If you care to fill up the enclosed application forms and return to me, I will keep them before me and advise you in event of vacancies -
