BISHOPHURST,

SAULT STE. MARIE,

March 19th, 1907.

To the Friends and Supporters of the Indian Homes at Sault Ste. Marie, O.

MY DEAR FRIENDS,—

I am glad once more to bear witness to the good work done for Indian boys and girls in the Shingwauk and Wawanosh Homes.

It is done against enormous difficulties, financial, social and educational. The Mission Board has ceased to aid us. The sympathy of the general public is very limited. And the work itself is peculiarly trying in its nature.

That the Schools still live and do such excellent work is a great tribute to the patience, devotion and ability of the Principal and his staff.

I most earnestly commend the work to all friends of the poor Indian.

Faithfully yours,

GEORGE ALGOMA.

PRINCIPAL'S REPORT.

To the Friends and Supporters of our Indian Homes in England and Canada.

MY DEAR FRIENDS,—

I present to you herewith my report for the year ending 1906, being the thirty-second annual report of our Indian Homes. May I ask for it more than a passing consideration from each and all.

During the year 63 children shared the advantages of our Indian Homes, *i.e.*, we began the year with 37 boys and 21 girls; 12 boys and 9 girls were admitted; 10 boys and 3 girls were discharged, 2 girls and 1 boy died, and 1 is temporarily absent on the Reserve.

These children, representatives of the following Tribes,
Ojibway,
Cree,
Iroquois,
Pottawattamie, and

Mohawk, are in varied stages of civilization and attainment. Some, those more recently admitted, are quite devoid of any English, and with all their school career and training before them, their progress will necessarily be slow for some years; whilst others, more advanced, and well on in the fourth book, are rapidly growing into useful men and women and will in the near future qualify to earn their own living.

They are taken, not only from our own Diocese of Algoma with its Indian population of some 8,000 souls, but from other eastern Dioceses.

Of those at present enrolled, 23 are motherless, 15 are fatherless, and 11 have neither father nor mother. All are practically destitute, the descendants of a destitute and benighted race.

To gather in these little ones from the filth and wretchedness of their camp and forest life, to inculcate in their young lives those essential principles of faith and trust in God, to teach them to detect right from wrong and to become clean, moral, useful men and women, this briefly, is the aim and object of our work and for which I ask a generous measure of your sympathy and help.

The work is full of encouragement and possibilities with all its many difficulties, and appeals to all on the broad foundation of Christ's command, equally with His assurance, "In

as much as ye have done it unto one of the least of these my brethren, ye have done it unto me," and we cannot lightly ignore its obligations and responsibilities.

The following statistics are authentic and pertinent as showing the status of the Church, as compared with other Christian bodies, in her Missionary efforts in behalf of our Indians in the Province of Ontario, from a general and educational standpoint.

The total Indian population of this Province, according to official returns, June, 1906, is computed at 23,728, more than double the Indian population of any other Province in the Dominion with the exception of British Columbia, and larger than the combined Indian population of Manitoba, Saskatchewan and Alberta.

Classified under the following denominations:

Roman Catholics	6,182
Anglican	5,253
Methodist	4,557
Baptist	1,020
Other Christian beliefs	486
	<hr/> 17,498
No details	3,243
Pagans	2,987
	<hr/> 23,728

These numbers include 3,997 children of school age, *i.e.*, 6 to 15 years, of whom 2,817 are enrolled in various schools, namely:

	Total enrollment.	Average attendance.
Day Schools	2,371	1,131
Boarding schools	25	20
Industrial Schools under the following auspices:		
	Total enrollment.	Average attendance
Roman Catholic	142	135
Methodist	106	97
Undenominational	112	105
Church of England Shing- wauk and Wawanosh		
Homes	61	55
	<hr/> 421	<hr/> 392

What I wish to emphasize is the fact that there are in Ontario to-day nearly 3,000 Pagan Indians, and some 1,180 Indian children of school age receiving no education whatever.

These conditions doubtless are in some measure due to the migratory habits of the Indians and difficulties in reaching them; but their existence is chiefly the result of Missionary apathy and lack of necessary means for a more vigorous prosecution of the work.

The present unprecedented growth and development of our country, the increasing trend of civilization into new and unbroken territory—the Redman's haunt—is the Church's opportunity.

I plead especially for the children, our little aborigines. They are now ours for the claiming and to bring into the fold of Christ's Church if we will, and our lasting reproach if we ignore our responsibilities and indifferently leave the work to others perchance more alert.

Whilst our Institutions have accommodation for 100 children and our present enrollment therefore could easily be increased by 30 to 40 more, it is equally certain that no further admission of pupils can be made, save perhaps to fill broken ranks, *unless the necessary means for their maintenance is assured*. This is obvious from a glance at our appended accounts, which show an incurred liability of \$1,472.82 in the year's transaction in an endeavor to maintain 63 children, and to this sum must be added a debt of \$348.64 similarly incurred in 1905, thus leaving a present deficit of \$1,821.46—a heavy burden, indeed, with which to face another year. Further, it should be remembered

(a) That our Institutions have no endowment whatever;

(b) That with the exception of a small per capita grant of \$60.00 per annum received from the Dominion Government, being *less than one half the grant made to similar Indian schools west of us*, and which is based upon the pupils' attendance—our work is entirely dependent on voluntary contributions and the general and Lenten offertories of our Canadian Sunday Schools in Eastern Canada.

(c) That whereas hitherto the M.S.C.C. has approved of the appropriation of these Sunday school and Lenten offertories to our Indian Homes, that society has now withdrawn from us its support, and is soliciting for its own general Mission work the offertories which we have so long received from these sources.

If, therefore, our work is to continue, and under the auspices of the Church, it is imperative that our friends and those interested in the uplifting and betterment of the Redman's children rally round us as they have never done before. In view of the attitude of the M.S.C.C., I would remind all con-

tributors that henceforth it will be necessary for them to send their remittances direct to the Principal of the Homes. This will be an advantage, since it will prevent needless and frequently six to eight months' delay in transmission, and will ensure correct entry in our books and an immediate acknowledgment to the donors.

Those willing to assist, but desirous of further particulars, are asked to write to the Principal, who will gladly furnish at any time the fullest information possible.

Lastly, the year has witnessed a general overhauling of our main building, including the addition thereto of a recreation room for the girls and a reading room for the boys, together with lavatories for both, a better system of ventilation, water supply and drainage. These imperatively needed improvements, chiefly of a sanitary character, were made possible by the generosity of the Department of Indian Affairs, in Ottawa.

To the liberality and kind efforts of Miss Swinburne, in England, we are indebted for the sum of £100 (\$484.15) to defray cost of some equally urgent repairs to the Bishop Fauquier Memorial Chapel and the Shingwauk Home Hospital.

Nor is my gratitude less due to the S.P.C.K., London, England, for a continuance of its grant of ten scholarships of £10.0.0 each to the Shingwauk Home together with similar aid to the Wawanosh Home; to the C. and C. C. S., London, England, for a grant of £75.0.0 to the Women's Auxiliary in Canada and the Algoma Association in England for invaluable gifts of clothing and bedding due acknowledgment of which is herein made, as well as to the Clergy, Sunday School teachers and scholars and to all who have in any way assisted our Indian Homes during the year. And my hope is, that each and all will not only continue the kind help, but permit no opportunity to pass during the present year of enlisting the practical aid and sympathy of others in the work.

Gifts of clothing may be sent to the Principal direct, accompanied by the names of the donors. Contributions in money should be sent to (1) The Bishop of Algoma, Bishop-hurst, Sault Ste. Marie, Ontario; (2) George Ley King, Esq., Principal Shingwauk Home, Sault Ste. Marie, Ontario.

Cheques and drafts should be made payable at par at the Canadian Bank of Commerce, Sault Ste. Marie, Ontario.

All contributions will be promptly and gratefully acknowledged.

I am, yours faithfully,

G. LEY KING,
Principal.

I used to live in Moose Factory it is on the Hudson Bay There are lots. of Indians there and a few English. it is a trading post, the indians bring skins and furs and sell for money to the English. There are big ships there too and lots of fishing It is very cold and lots of snow and ice There are two stores and one English church and a school and two teachers. the men hunt deers moose and wild geese. There are lots of wolves too and people get scared some times they would come near and we would have to stay in the house There are no trains and we go round in canoes and dog sleighs in winter I do not like it up there it is so cold and we live in Missanabie now and I used to work in the bush away out on the river and went in a canoe and I used to chop wood and sell the wood and I used to use snow-shoes and I kill one deer.
