O. I. H.

GRAND SUMMARY

EXAMINATIONS

OUR INDIAN HOMES.

Regulations in Regard to School Hours and Examinations.

1.—SCHOOL HOURS are from 9 to 12 a.m., and 2.30 to 5.30 p.m. There is also a preparatory class, when a monitor is in charge—7.30 to 8 a.m., 2 to 2.30 p.m., and 7.15 to 8.15 p.m. Half the pupils attend school in the morning and half in the afternoon, and all (except juniors) attend the evening class. There is no school on Saturday. Five minutes recess may be given in the morning, and five minutes in the afternoon.

2.—CLASSES. The Preparatory Class reads the Fourth Book, and takes up subjects necessary for High School Entrance Examination.

Upper III. reads the Third Book; compound rules and fractions in Arithmetic; United States, Canada and Europe in Geography; map drawing; simple questions on Grammar and Language; English Composition, etc.

Lower III., the same subjects, but not so advanced.

Class II. reads the Second Book; the four simple rules in Arithmetic; Notation to 1,000,000; Tables to 12 times; elementary lessons in Geography; oral lessons in Grammar and Language; letter writing.

B Class reads the Second Part of the First Reader. Addition, subtraction and easy multiplication; Tables to 5 times; Notation to 100,000.

A Class reads the First Part of the First Reader; simple Addition; Table to 3 times; Notation to 1,000.

The pupils also do Writing in copy-books or on slates, and are taught mental Arithmetic, Drawing and Singing.

3.—Five examinations are held in the year, the intervals between them being about 7½ weeks. These Examinations are conducted either by the local teacher or by Mr. Wilson, or by some person appointed by him. At the end of the school year (about July 1) the local teacher has to fill in from his Examination Reports the grand summary, showing the total marks gained and rank taken by each pupil, and furnish a copy of it to Mr. Wilson.

4.—All pupils who gain 400 marks for each year they have been at the school rank as "Victors," and are entitled to a first prize; those who gain 300 marks rank as "Aspirants" (the first aspirant in each class receives a second prize). All who get below 200 marks for each year are counted "Lags." Those who were at school elsewhere before coming to the Institution must be charged extra marks sufficient to put them on an equal footing with the other members of the class they enter at time of their arrival.

5.—The marks possible to be gained by a pupil are so proportioned that if he keeps on moving up as he should do 80 per cent. will make him victor, 60 per cent. aspirant, and below 40 per cent he will be "lag." A pupil in his fifth year has to gain 2,000 (out of 2,500) to be victor, 1,500 to be aspirant, and if less than 1,000 will be a lag.

6.—The local teacher is expected after each examination to add up the total marks possible to be gained and the total number gained by the whole school (1) for school work, (2) for religious instruction, (3) general summary; and prepare a statement showing the average standing of the whole school, a copy of which should be sent to Mr. Wilson.

7.—At the end of every three months an extract from each child's last Examination Report has to be copied into the little printed circulars which are sent to Sunday School supporters, and twice a year (October 1 and April 1) each child should write a letter to its supporters to go with the Report.

8.—Each school is supplied with a lesson list showing the work which it is expected the pupils will prepare during the year. Rather more than one-fifth of the required work should be taken up at each of the first four examinations, so that the final one, just before the summer holidays, may be in some measure a review of the year's work.
