Dear Friends,

You may be surprised to hear that Canon Vale has taken unto himself a wife who was when you were here Mrs. Gibson. We are very happily settled in our wee cottage which has been changed a little since you were here, "Jacie". The wee den

is now part of the living-room as we  
took out the hall and have only  
velour portieres to mark the dividing  
line. This has been quite a busy  
fall as I taught until the end of  
October and was married Nov. 4,  
and Christmas has come so on the  
heels of wedding affairs.

We are very happy in having my  
two children Ralph and Lillian, with  
us for Christmas. Arthur is too far  
away to come and he has been  
married recently, too.

Our very best wishes for Christmas  
season & the New Year have been  
winding their way to you. May God  
bless and prosper you and guide  
you through the coming year and  
for many more years.

With our united regards

Yours affectionately,  
Kate J. Vale.
