

## *SPECIAL REQUEST FOR VAMPS*

Walking With Our Sisters is issuing an immediate call and invitation to Residential School Survivors or their descendants and relatives for submissions of pairs of children's or baby moccasin vamps to be dedicated through a special ceremony being organized for Mother's Day Weekend by the Elders and Keepers in Sault Ste. Marie. Vamps are to be made in memory of and to honour the babies and children who died or were killed in Residential Schools and for those children who never returned home.

The work will need to arrive to Sault Ste. Marie by **May 7**. Please confirm your intention to create a pair by emailing [wwos@live.ca](mailto:wwos@live.ca) and you will receive the mailing address of where to send them. Several pairs will travel with WWOS and several will become part of a permanent installation within the site of the old Shingwauk Residential School, in partnership with the Shingwauk Residential School Centre at Algoma University, Sault Ste. Marie, ON.
